GALAPAGOS TORTOISE

SKU: BX-GALLMP-010-SV

This amazing hand made silver Tortoise is cleverly constructed by using highly polished limpet shells to create the shell of the tortoise.

Initially sculpted by hand then cast in bars and then heavily silver plated, the tortoise body is fitted with it's exotic shell back made from limpet shells. The shell back is hinged to create a box, which is lined with faux snake skin.

MATERIALS:

Silver. Limpet Shells. Faux Snake Skin.

DIMENSIONS:

Width: 36cm • Depth: 27cm • Height: 14cm
